

Barberton East Elementary
2021-2022 Meal Service

Breakfast: Breakfast will be served when school opens at 8:45. There will be 3 locations for students to pick up their FREE breakfast and take it to their classroom to eat. Locations are:

- Kindergarten will pick up as they enter the building in the Kindergarten hallway.
- Bus Riders will pick up as they enter the building in the lobby.
- Car Riders will pick up their breakfast from the cafeteria.

Lunch: All students will eat in the cafeteria. Tables and seats will be assigned for each student. Lunch is also FREE all year. Students will be asked to maintain a 3' distance between themselves as they wait in line. Students will be allowed to select either 1% white or 1% chocolate milk, their entree, fruit, and vegetable choice.

Students will only need money if they plan to purchase an extra with their lunch, please send in cash or a check made out to BEE Cafeteria. You can also register (register as the parent) on payschoolscentral.com, set up an account, and add money using this process.

We are asking our students to carry their ID (the school will provide) with them if they plan to purchase extras using their account. We purchased scanners so students will not have to touch a pin pad to enter their ID number. It is very time consuming to have to look up each student's account to verify if they have funds to purchase the extras. There is no charging of extras.

Your Food Service Staff is looking forward to seeing you.

Thank you for all your help. I hope you have a great school year.
