

Barberton Middle School
2021-2022 Meal Service

Breakfast: Breakfast will be served when the students enter the building. All MEALS are FREE this year so students are encouraged to come to the cafeteria, select their breakfast items, and sit in the cafeteria to consume them.

Lunch: Each grade level will have its own lunch period. Each grade level has 4 teams, for spacing and distance, half of the teams in each grade level will come to the cafeteria, select their lunch items, purchase extras, and then return and eat in their classroom. The remaining students will come to the cafeteria, select their lunch items, purchase extras, and sit in the cafeteria to eat. This will rotate every 9 weeks.

Each grade level will follow the above procedure.

Students will only need money if they plan to purchase an extra with their lunch, please send in cash or a check made out to BMS Cafeteria. You can also register (register as the parent) on payschoolscentral.com, set up an account, and add money using this process.

We are asking our students to carry their ID (the school will provide) with them so we can record the meal and if they want to purchase an ala carte item such as a beverage, chips, ice cream or cookies. There is NO cost for the meal, it just records that they received one. We have scanners to read the ID cards so students will not have to touch a pin pad to enter their ID number. It is very time consuming to have to look up each student's account to verify if they have funds to purchase the extras.

There is NO charging of extras.

Your Food Service Staff is looking forward to seeing you.

Thank you for all your help. I hope you have a great school year.
