NOVEMBER 2023

DID YOU KNOW?

Starting in elementary school, too many absences can cause children to fall behind in school. Missing 10%, or about 2 days each month over the course of a school year, can make it much harder to learn new material and stay on track with school curriculum. Attending school regularly (when healthy) helps children feel better about school—and themselves. Start building this habit in elementary school so they learn right away that going to school on time, every day is essential. Eventually good attendance will be a skill that will help them succeed in high school, college, and in life after schooling years.

WHAT YOU CAN DO TO HELP BUILD GOOD ATTENDANCE HABITS

- Set a regular bedtime and morning routine.
- Lay out clothes and pack backpacks the night before.
- Keep your child healthy and make sure your child has the required shots.
- Develop backup plans for getting to school if something comes up.
- Try to schedule medical appointments and extended trips when school is not in session.
- If your child seems anxious about going to school, talk to teachers, school counselors and other parents for advice on how to make your child feel comfortable and excited about learning.
- If your child must stay home due to illness, ask the teacher for resources and ideas to continue learning at home.
